

# Project 17 leads the way for sports safety in Duval Schools

*By the year 2020, Certified Athletic Trainers will provide sport safety leadership in all 17 DCPS high schools*

## Athletic Trainers in Duval schools

DCPS staff— P17— Future programming

On-track for success  
**88% Complete**

Comprehensive athletic training Programs in the Duval County Public Schools:

- Increased injury awareness and prevention
- Emergency Action Plans
- On-site licensed health care providers
- NATA 1st Team Safe Sports School Recognition

## JSMP, P17 and the DCPS setting the standard in sports safety

**“Project 17 has made a significant impact on improving sports injury prevention in the Duval County Public Schools. This community-collaborative initiative that began with seed money from the NFL Foundation continues to receive state and national recognition as a sustainable model for high school sports safety.”**

Peter Racine  
Senior Vice President,  
Jaguars Foundation

### About the JSMP:

The Jacksonville Sports Medicine Program is a volunteer-based, non-profit organization dedicated to youth sports injury awareness, advocacy and prevention in the northeast Florida region. The JSMP is Florida’s leading resource for leadership, advocacy and education for the prevention and awareness of high school sports-related injury.

### Concussion 2017-2018

- 134 concussions treated
- Baseline / Post injury assessments
- Follow FHSAA best practices
- Concussion education programming

### Heat Injury 2017-2018

- WBGT use and education for coaches
- CWI tubs at all schools for heat stroke treatment

### Cardiac Events 2017-2018

- Dedicated AED’s to every AT
- 100% coaches certified in CPR and AED use

### Orthopedic Injury 2017-2018

- Volunteer team physicians at all schools
- JFRD and private ambulance services for home FB games

### Athletic trainers are licensed health care providers who:

- are trained and ready to respond in the event of a dangerous injury or emergency situations
- are highly skilled in the prevention and recognition of sports-related injuries
- help athletes and parents navigate the health care system to receive the care that is needed when injured
- work together with team physicians and coaches in promoting a culture of safety in our school athletic programs
